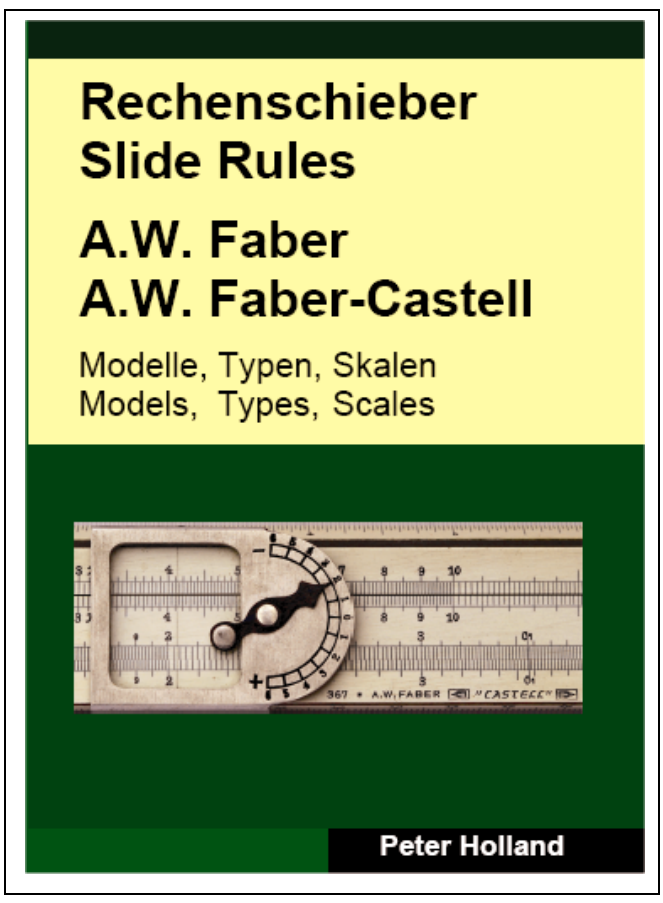
Third Revised Edition

Third Revised Edition



Every slide rule ever made by A.W. Faber and A.W. Faber-Castell

This book describes all the slide rules manufactured by A.W. Faber and A.W. Faber-Castell. It contains information about each series of models, the scales, the patents and the materials used. It also provides detailed clues on how to date every slide rule made by this manufacturer.
It represents an invaluable source of information for all lovers of these unique analogue calculating aids.

- dual language
- all models
- all scales
- all information
